

BEECHWOOD EDUCATIONAL FOUNDATION

The Beechwood Educational Foundation was established in 1984 to encourage, enhance, and reward academic excellence at Beechwood Schools. In the 34 years since its inception, the Foundation has funded programs, services and technology that allow Beechwood students to excel in the classroom and to experience learning outside the classroom.

Each year, the Foundation awards four scholarships to graduating seniors and provides financial assistance for class trips.

In the 2018-2019 school year, the Foundation is raising funds to help Beechwood establish a biomedical research facility in partnership with a local hospital to provide Beechwood students early exposure to career paths in the health and science fields.

In the 2017-18 school year the Foundation funded an elementary 3-D printer, a classroom set of primary microscopes, 15 Orff musical instruments, and two sets of 12 Tubano drums, for the elementary music program.

For the high school, the Foundation contributed \$25,000 towards the IDEA (Innovation, Design, Engineering, Application) Lab, providing students early exposure to career paths in engineering and design.

Gifts from alumni, parents, and friends directly impact Beechwood students and help to ensure a continuing tradition of excellence. The Foundation is a 501(c)(3) organization and all gifts made to it are tax deductible. For more information about the Foundation or to make a donation, please contact deborah.elicker@beechwood.kyschools.us or to make a credit card donation go to <http://www.beechwood.kyschools.us/Alumni/News>
