    - May 24th - Senior Honors Night
    - May 27th @ 7:30 - Graduation!
  - [Spark Newsletter](#)
- Audience of Citizens
  - Adjournment

**CS curriculum:** Attached is the order form for “A+ Computer Science” which is the curriculum that was recommended specifically for AP CS A. It also has materials for an introductory course and AP CS Principles.

*I’m interested in the 3-year license that gives “All Access” (priced at \$1795). The order comes with the following. A website full of practice problems which I have been able to review, and I think is valuable, a MC question bank and FRQ question bank that are modeled after both AP tests, and helpful tutorials for the basics of coding in multiple languages. I will be able to use these resources in all three CS courses next year.*

Mr. Weyer
