

Dear Future Beechwood Student:

Here at Beechwood High School we strive to make your athletic experience as positive as it can be. It is the philosophy of the Beechwood Independent Schools that athletes enjoy as many sport seasons as the student-athlete and their parents wish to participate in without influence from any coach to specialize in one sport. All coaches should encourage participation in other sports. In order to embrace this philosophy, our coaches agree that: 1. Students may start (or try-out for) another extracurricular activity if both Head Coaches agree a student should start another extracurricular activity. 2. Students who wish to “Play-Up” must abide by the “Playing-Up” procedure stated later in this document.

We offer a variety of sports at Beechwood High School which include: Archery, Basketball, Baseball, Bowling, Cheerleading, Cross Country, Diving, Football, Golf, Soccer, Softball, Swimming, Tennis, Track and Field, and Volleyball.

Our Athletic Director team strives to make sure that all programs, coaches, and athletes have every tool necessary to be successful on the field as well as off the field. Below is a brief description of our team:
