A MESSAGE FROM MR. ASHLEY

Beechwood Families,

Wow, hard to believe this is the week before Spring Break! The year has been eventful to say the least, and we are more grateful than ever for the support from our parents. Our staff has physically, emotionally and in every way exhausted themselves using any opportunity to focus on the growth of your children. Our students have also been RESILIENT like never before. Virtual, Ntl, Hybrid, In-Person and on the list could go containing terms that we now employ to describe aspects of how our entire lives' have been turned upside down. This global pandemic is changing many of the things about how we live our lives, but MANY things remain the same.

#1 We love students. We want the absolute best for their health, safety, academics and future self. We desire to see them grow into people that they didn't even think they could become.

#2 We will face adversity. Things are happening which are out of our control on a moment to moment basis, we only control our response to this adversity.

#3 We are a family. People have experienced stress like never before in their lifetimes. We have all been given a reminder that we need each other more now than ever before.

Thank you for trusting us with your kids, we have the BEST team and will continue to work tirelessly to ensure the best possible experience for each and every one who steps foot in our building.

The end of the year is full of exciting activities and opportunities to engage with our school, PTSA and many other areas. Please pay close attention to dates and details that come out as events approach. Please reach out if you have any questions and enjoy your plans for Spring Break, whatever they may be!

Zach Ashley | Elementary Principal
